This program is designed specifically for UT-Dallas offering a one-month program for pre-med students in the Summer of 2019. The program offers the opportunity for program participants to further enhance their preparation for a career in health care, while immersing themselves in a 6-credit one month intensive Medical Spanish and Internship Course in Seville, Spain. Students will live with host families, participate in a variety of weekly activities, visit the historic cities of Cádiz and Granada, receive medical Spanish training, EMT pre-hospitalization training and perform an internship in a hospital environment shadowing doctors of various disciplines.

**Seville, Spain**

**No previous knowledge of Spanish is required for this program.**

Students interested in pursuing a career in medicine can now complement their university education through UTD's Summer Spanish Language and Medical Internship programs. GlobalEd's experience, staff, infrastructure and relationship with the health care sector in Seville, Spain offer an unparalleled study abroad opportunity. The development of programs like these comes from years of networking with local hospitals and professionals in the healthcare sector. Program participants will shadow doctors from a wide range of disciplines and nurses in a hospital environment and/or with private practices performing as much as 20 hours of work per week while receiving intensive Spanish Language training.

GlobalEd also includes Emergency Medical Training (EMT) through a 4-day intensive training course. EMT is a hands-on experience for aspiring health professionals designed to provide program participants an in-depth understanding of teamwork dynamic in a health care emergency setting. Program participants will learn about emergency protocols/ disaster relief/pre-hospitalization services to secure the zone of an accident, stabilize victims and prepare them for transportation to hospitals.

## 4 Day - Pre-hospital EMT Training Camp Summary

### Overview

This four-day course is aimed at medical and nursing students. The course is primarily an examination, focusing on using a range of equipment in a variety of trauma scenarios. PECM teaches the student to identify and act quickly in the emergency management of the trauma victim(s). This program is endorsed by SAMU. It includes PHTLS, ITLS and GIAT standards as core course.

### Contents

The course will include theory lessons and practice sessions, including:

Prehospital services in Spain and other European countries.

- Prehospital Decalogue (Protocol).
- Traffic Accident Comprehensive Management
- Scene Assessment: Scouting and Zoning
- Index Command System
- Scene Management
- Basic Trauma Life Support
- Kinematics of trauma
- Equipment and material resources in the prehospital scenario
- Patient initial assessment and management
- Advanced Trauma Life Support
- Immobilization and Mobilization
- Specific Traumatic Injuries (Head, thorax, spinal, etc.)
- Environmental Injuries (Heat, cold, lightning, drowning, etc.)
- AMV (Accident with Multiple Victims) Assistance
- Lifesaving maneuvers
- Triage, Grouping
- Evacuation

### Learning Outcomes

After the student has completed the course, he/she will be able to:

- Describe the EMS activation protocol.
- Identify dangerous scenarios, potential hazards and minimum safety standards.
- Recognize hierarchy within pre-hospitalization services providers.
- Provide an understanding of the need for a rapid assessment of the trauma patient.
- Manage the prehospital care of the multi-system trauma patient.
- Perform extraction, immobilization and mobilization maneuvers that will ensure victim's safety.

## Time, Location & Resources

The course will take place at SAMU *Escuela de Emergencias* at Gelves, Seville during May-July of 2016, along 4 days from 09:00h through 21:00h with a two-hour break for lunch. It requires a minimum of 80% of attendance, for a total of 40 contact hours, in order to successfully pass the course.

Program participants will be provided with reading material such as PHTLS 8<sup>th</sup> ed. and ATLS 9<sup>th</sup> ed., but this is not compulsory. All teaching material will be sponsored by SAMU, including personal protective equipment, except for working gloves.

All program participants will be asked to wear long-sleeved shirts, long pants and close-toed shoes, and to bring an extra change of clothes every day, as they may get wet or dirty.

## Assessment

Participation and attitudinal qualities as implemented during the practice, will be the only aspects considered to successfully receive a certificate of attendance/participation for the course. Students will have to pass a test in order to get fully accredited for the course.

## Methodology

SAMU Teaching Unit employs an eminently active and participative methodology. The instructor's role focuses on promoting student learning, acting as counselor, planner and facilitator. Theoretical and practical aspects will be explored together, so that learning is constructive, meaningful and functional. Practices will focus on the "knowledge", "know-how" and "how to be". Those will be taught gradually, ensuring that students enjoy their daily activity, mastering the knowledge and skills learned, making the work pleasurable.

We promote a proactive attitude of students, throughout our workshops and simulations which will be of increasing complexity. This program is designed to simulate real life scenarios, hence, active participation will be encouraged, and is considered an essential in order to achieve the desired learning outcomes.

# Teaching Facilities

The teaching facility for UTD's Spanish course will be similar to previous years provided the faculty preferences, dates, teaching times, required equipment, program duration, required in-class contact hours, program amenities and budget don't change. Regardless, the teaching facility will be conveniently located to all student housing assignments or the EMT training site and will accommodate any program needs regardless of whether they've changed in comparison to previous terms.

# Student Life

## *Seville, Spain*

Seville is the artistic, cultural and financial capital of Southern Spain. The city is renowned for its warm climate and friendly culture, making it an ideal setting for language learning, cultural integration and professional development. A stroll through the city's winding cobblestone streets reveals a wide array of bustling sidewalk cafes and tapas bars, spontaneous flamenco performances and an active nightlife. Internationally known for the grandeur of its Easter Week processions and April Fair, Seville offers a variety of rich cultural experiences set against historical Roman, Muslim, and Jewish influence.

### **CULTURAL ACTIVITIES**

Students can participate in a variety of afternoon activities designed to enhance their appreciation of the city's history and local cultural. Please review the program options section to confirm included activities.

- Welcome Dinner exposing students to local Spanish foods
- Experience the culinary and social event called "Tapeando"\*
- Afternoon Coffee along the Guadalquivir River
- Flamenco Show
- Bicycle Tour of Seville
- Mediterranean Tasting Session
- Visit an Arab Tea House
- Farewell Dinner

# Excursions

In southern Spain, along the Costa de la Luz, you will find the beaches of **Cádiz** with its 260 kilometres of coastline and some of the most beautiful beaches you could imagine. This Andalusian province is washed by the Atlantic Ocean and the Mediterranean Sea. It has many protected nature areas which include salt flats, sand dunes, pine forests, pastureland where fighting bulls are reared, springs, cliffs.

Spend the weekend in **Granada**, an evoking city where multiple civilizations that once lived on Andalusia soil left a cultural legacy that is a marvel of the world. The Alhambra is the joy that crowns this beautiful city at the foot of the Sierra Nevada mountain range.

# Housing

We consider housing accommodations to be a key element to the success of any study or work abroad experience. For this reason, we place considerable importance on understanding each student's lifestyle and interests and by carefully selecting each placement taking into consideration proximity, experience, amenities and past program evaluations. All placements typically have WIFI access and include reasonable use of utilities. Housing assignments are communicated prior to arrival in the form of a housing sheet and are designed to match the needs and expectations of each program participant. The detailed information in our housing sheets describes the housing accommodation, amenities, occupants, location, description of the neighborhood and a distance chart to local points of interest. Faculty will have the option of living with a family (full meal plan included) or in a self-catered apartment.

---

## Housing Summary

- **All accommodations are in safe locations**
- **Experienced Host families**
- **Individual rooms (buddy system for faculty-led)**
- **Full meal plans**
- **WIFI Access**
- **Weekly laundry service**
- **Normal utility usage**

---

## Placement Process

- Students submit a housing preference form with restrictions, allergies, etc...
- Families are chosen based on...
- Proximity
- Experience
- Adaptability
- Past evaluations
